*Though Michelle and I have been burdened for the country of Wales for over 10 years, it was only recently that God opened the door allowing our family to pursue a ministry to this very needy country.*

*With a BA in pastoral studies, and having previously pastored a small church, I can see how the Lord has been and still is preparing me for this specific calling. Together our family brings a variety of God-given experience and talents which we are excited to use for the Lord, both in the States during our deputation and in our future ministry in Wales.*

*We would love the opportunity to share our heart and ministry with you. Most importantly, we would appreciate your prayers. Thank you.*

**WHY**  
**WALES?**

Good Question  
*Great Answer!*

www.whywales.org

*But when he saw the multitudes, he was moved with compassion on them, because they fainted, and were scattered abroad, as sheep having no shepherd. - Matt.9:36*

We have found that often when sharing our ministry and heart for the country of Wales, many picture a "mini America." People often mistakenly assume that like the United States, the Welsh are prevalent in Bible-believing churches and a clear Gospel witness. Unfortunately, nothing could be further from the truth. Though the Welsh are a people rich in heritage and culture, they often fail to see their own spiritual depravity.

**Population: 3,000,000.**  
**Those who sit under true gospel preaching? Less than 2%.**

### **Why Wales?**

Thank you for giving me the opportunity to answer this very important question. For more detailed information, please visit our website at [www.whywales.org](http://www.whywales.org).

*Thank you!*

### **Recognizing the Need**

Wales is believed to have the highest depression rate in the U.K.\*

In 2006 Wales held the highest percentage of children's suicide cases in the U.K.\*

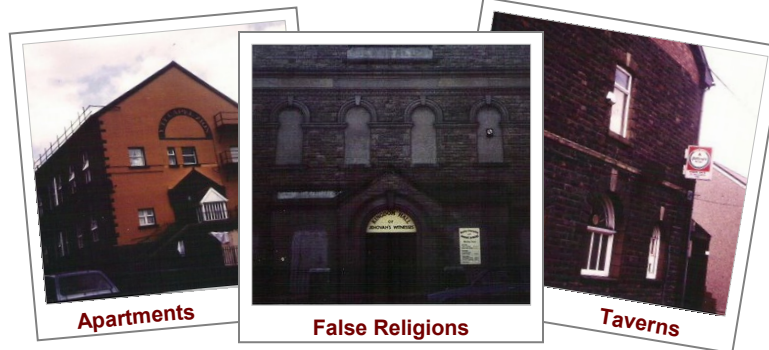

Only 12% of the Welsh claim to attend any kind of church at least once a month.\*\*

Less than 2% claim to attend a true Bible-believing Gospel preaching church.\*\*

### **What Happened to the Churches of the Welsh Revival?**

Many churches that were once filled with the clear preaching of the Gospel are now being used for modern day conveniences, false religions, or simply lay abandoned.

### **Meeting the Need**

Wales is a unique country, lending itself to unique opportunities to reach the lost with the Gospel message. Below are just a few avenues of ministry that God has brought to our attention:

- **Public School Outreach**

Unlike America, the Welsh public school systems invite various religions to their schools weekly. What an opportunity!

- **EMT Counseling**

I am excited to utilize my experience as an EMT to build relationships and help those who face death on a daily basis.

- **Graphic Design Ministry**

Michelle is looking forward to utilizing her experience in design as a ministry
